BIO

Growing up in West Virginia, Anthony Bass was a gifted athlete and fierce competitor, and earned the Blue Chip All-American title. In 1998 Bass was signed on as a free agent with the Minnesota Vikings. That year, the former #32 was a standout defensive back and part of the team's amazing 15-1 season. At the age of 23, Anthony cried out to God and re-dedicated his life to Christ. In submission to the Lord's will for his life, Bass retired from his professional football career in 2001. He received his Bachelor of Arts from West Virginia State University, then went on to complete his seminary studies, where he earned a double Master's Degree in Divinity, Practical Theology and a Master's of Business Administration from Regent University in 2008, while working as a Youth Pastor, Administrator, Teacher and Mentor.

Anthony Bass has been blessed with several opportunities to share God's word as the featured speaker at countless churches, bible studies and a variety of organizations both nationally and internationally. Anthony Bass resides in Plymouth, MN with his beautiful wife Dawniqua, and they are the parents of five children. They planted Endurance Church in Brooklyn Park in the fall of 2014. They are committed to planting churches throughout Minnesota and have developed a Non-profit organization to foster community restoration, and combat human trafficking.
